Attendance Reminder

Parents of hybrid students - if your student was expected to be in the building in-person, and they chose instead to stay home and attend classes online, you do still need to call our Attendance line to excuse their in-person absence. Teachers have to record these students as absent as we have to have accurate record at all times of who is in the building and who is not. The Attendance line number is 303-982-1884.

Securely:// App for Parents

The district provides families with the ability to monitor and control their student’s internet and app activity on district devices at home using the free SecurelyHome app. For more information, use the links

Counseling Information

Advanced Learning Plans

If your student is on an ALP, he/she will be receiving an email in the next few weeks, titled “Initial ALP Questionnaire”. Here, they will learn [how to access this new student portal](#) and answer the questionnaire to set their goals. The portal also includes links to videos to help them understand how to think about their goals, as well as a hyperdoc of suggested goal topics. Students may want to utilize these tools before completing the questionnaire. Please take a few minutes to alert your student to look for this email and to complete it when it arrives. You may also want to discuss these goals.

Construction on Warren Tech South and New Traffic Pattern

We are excited to see the construction fences going up in our far south main parking lot indicating the start of the year-long project to build the bond voter approved Warren Tech South facility. This will provide enhanced Career and Technical opportunities in Health, Video and Sound Production, and Aviation. While most of the construction will have little impact on our daily operations, there will be a month-long period of time when a trench will be dug along the west side of our building to accommodate a new sanitation pipe. This will close the west side bus lane to auto traffic. Pedestrian traffic will continue with designated crossing areas.
